INFORMATION SHEET

EXHIBITOR

Being an exhibitor at this convention will give your company the opportunity to meet and speak personally to around 500 attendees who are involved with educating students each day. What a great way to reach a targeted audience of education professionals! An Attendee Exhibit Contest will be conducted during the convention. This contest will allow you the exhibitor to have a personal touch with each convention participant and encourages the participant to see and learn more about your products and services. All information regarding booth size and pricing can be found on the Exhibitor Contract. To reserve your 8' x 6' exhibit space, please complete the online Exhibitor Contract at <http://iacsconvention.org/register/>.

ADVERTISER

We are committed to providing you and your company as much exposure as possible during and following the IACS Teachers' Convention. The convention program contains an agenda of the convention and details on all workshops, speakers, and exhibitors. All attendees, speakers and exhibitors receive a program at registration. Format: 8½" x 11½" black and white. Advertising in the program book gets your company's information into the hands of the attendees and back home with them for future reference. All information regarding ad size, location and price can be found on the Advertising Contract. If you are interested in purchasing a convention book ad, please complete the online Advertising Contract at <http://iacsconvention.org/register/>.

WORKSHOP SPEAKER

If you are interested in presenting a workshop, please email your topic to be considered by July 2, 2018 (info@illinoisacs.org).
